10-1-2: APPLICATIONS: Applications for all licenses and permits shall be made to the Village Clerk in writing on a form provided for that purpose, except as otherwise provided.

If the applicant is an individual (sole proprietorship), the application shall contain his name, residence address and residential telephone number. Each application also shall contain (1) a designation of the type or kind of license or permit desired, (2) the location or proposed location of the place of business, occupation or activity, (3) the applicable fee to be paid as provided in Section 10-1-20, (4) the number of the certificate of registration required under the Retailer's Occupation Tax Act, Service Occupation Tax Act, and/or Use Tax Act, if applicable, and (5) such additional information as may be needed for the proper guidance of municipal officials in the evaluation of such application, including proof of any insurance policy or bond required by this Code.

The license or permit shall be signed by the Village President, attested by the Village Clerk, and then issued to the licensee.

b. Thereupon, the Clerk shall notify the applicant that the application has not been approved and that no license or permit will be issued.

a. Each license shall indicate its term. All annual licenses shall be operative, and the license year for the municipality shall commence on the first day of January of each year. No license shall be granted for a period long that one (1) year. Except where otherwise provided herein, every license shall expire on the 31st day of December following the date of issuance.

b. The Clerk shall endeavor to notify each annual licensee of the expiration of time of the license held by the licensee at least twenty-one (21) days prior to such expiration date; provided, however, that a failure to make such notification or the licensee's failure to receive it, shall not exclude the licensee from the obligation to obtain a new license or a renewal.

c. Except as otherwise provided herein, each license may be renewed upon proper application and payment of the required fee. The requirements and procedures for granting and issuing a license renewal shall be the same as the requirements and procedures for granting a new license.

a. No license or permit for the operation of business, establishment or activity in the municipality shall be construed to permit its operation in more than one location in the municipality; a separate license or permit shall be required for each location. For the purpose of this Code, the existence of a single location shall be evidenced by the fact that all buildings containing the principal or accessory uses (1) shall be connected or shall be located on the same lot or parcel, (2) shall be operated and managed by the same person or owner, and (3) shall be an establishment with the same classification.

b. The location of any licensed business or occupation, other than the sale of alcoholic liquors, or the location of any permitted act, may be changed provided that the Clerk's office shall be given sufficient notice of such intended change in location to determine that the operation for which the license is required conforms with all applicable ordinances and regulations or the municipality at its new location.

10-1-9: NUISANCES PROHIBITED:

a. Generally. No business or establishment, whether or not licensed, shall be so conducted or operated as to constitute a nuisance in fact; and no building, vehicle, structure, yard, lot, premises, or part thereof, shall be used, kept, maintained, or operated in connection with any business or establishment so as to occasion any nuisance, or so as to be dangerous to life or detrimental to health. b. Whenever an analysis of any commodity or material is reasonably necessary to assure compliance with the provisions of this Code, or of any ordinance or regulations, or to detect violations thereof, it shall be the duty of the licensee or the person in charge of the premises to give to any duly authorized officer or employee of the municipality requesting the same sufficient samples of such material or commodity for such analysis upon official request.

c. The Clerk shall take all necessary and appropriate action to compel compliance with the regulatory provisions of this Chapter. When necessary and expedient, he may call upon the Chief of Police to assist in such enforcement, and it shall be the duty of the Chief of Police to perform such enforcement acts as may be required of him. All municipal employees duly authorized and acting as license inspectors shall be conservators of the peace with police powers for the purpose of enforcing the provisions of this code and other municipal ordinances relating to the licensing of business and occupations and their regulations.
